COVER

I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach

Sergio Giraldo - Utrecht - 2025

How to

1. Write a markdown (.md) file with the front-matter `marp: true`

2. Each slide is separated by `---`

3. Export to PDF: `Marp: Export Slide Deck`

4. Project: https://marp.app/

5. Syntax: https://marpit.marp.app/

6. VSCode extension: https://github.com/marp-team/marp-vscode

CSS customization

This is a yellow slide with green big courier text.

- **the css element is always `section`**

- **notice the `scoped` keyword. it means this is applied to this slide; without it, it is a global style.**
